On behalf of the consular section of the Embassy of Brazil, we would like to inform you about the entry of travelers carrying a Travel Document in Lieu of National Passport. It is important to emphasize that although this document is issued to enable travel, its temporary nature indicates that it should be replaced by a regular passport as soon as possible.

The use of a regular passport is essential to avoid potential complications during immigration in foreign countries, including Brazil. Regular passports are internationally recognized and are considered the official travel document for most countries.

Therefore, although the Travel Document in Lieu of National Passport has been accepted by migration officers at airports in Brazil, we recommend that you arrange for the replacement of your temporary Israeli travel document with a regular passport before travelling. This will ensure a smoother travel experience, facilitating your entry into other countries and avoiding possible inconveniences or delays in immigration processes.

Atenciosamente/Best regards,

Assunto: Clarification of the order of entry of Israeli citizens with Travel Document in Lieu of National Passport

Boa tarde! My name is Evgenia, and I represent ATLAS. At the moment, at the request of the Israelis, we are updating data on entry to different countries using Travel Document in Lieu of National Passport. It is a second passport and is issued exclusively to Israeli citizens who do not live in the country.

According to the visa agreement between Israel and Brazil, Israeli citizens who own a darkon can visit the country without obtaining a visa and stay in it for 90 days. What are the rules of entry into your country for Israeli citizens with Travel Document in Lieu of National Passport?

We are looking forward to receiving a response to update the data on entry to Brazil with Travel Document in Lieu of National Passport.

Thank you for attention,

Evgenia
